Although the business to be conducted at the meeting is set forth in the formal notice that follows, we would like to take a moment to bring your attention to several proposals being presented at this year's meeting as part of our ongoing efforts to strengthen the Trust's corporate governance and enhance shareholder rights. They are as follows:

- electing two Trustees to serve until the Trust's 2007 Annual Meeting of Shareholders;
- amending the Trust's Declaration of Trust to reduce the permissible size of the Board of Trustees;
- amending the Trust's Declaration of Trust to decrease the number of votes necessary for shareholders to remove a Trustee from the Board of Trustees with or without cause; and
- ratifying Grant Thornton LLP as the Trust's independent accountant for fiscal year 2004.

These are important matters and we urge you to take the time to vote. In addition, management will provide a review of 2003 operating results and discuss the Trust's outlook for the future. After the formal presentation, our Trustees and management will be available to answer any questions that you may have.

PROXY STATEMENT

March 25, 2004

Proxies in the form enclosed are solicited by the Board of Trustees of Federal Realty Investment Trust for use at the 2004 Annual Meeting of Shareholders ("Annual Meeting") to be held at 10:00 a.m., Wednesday, May 5, 2004, at Woodmont Country Club, 1201 Rockville Pike, Rockville, Maryland.

This proxy statement and an accompanying proxy are being mailed to shareholders on or about March 31, 2004, together with the Trust's 2003 Annual Report, which includes audited financial statements for the year ended December 31, 2003.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the matters outlined in the notice of meeting included in this proxy statement. In addition, management will report on the performance of the Trust during 2003 and respond to questions from shareholders.

Who is entitled to vote at the meeting?

Only holders of record of the Trust's common shares of beneficial interest ("Shares") at the close of business on March 24, 2004, the record date for the meeting, are entitled to receive notice of and to vote at the annual meeting. On that date, the Trust had _____ Shares outstanding. If you were a shareholder of record on that date, you will be entitled to vote all of the Shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What constitutes a quorum?

At the Annual Meeting, the presence, in person or by proxy, of a majority of the outstanding Shares entitled to vote constitutes a quorum, permitting the conduct of the business of the meeting. Abstentions will be counted for purposes of determining a quorum.

How do I vote?

If you complete and properly sign and mail the accompanying proxy card, it will be voted as you direct. If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person. "Street name" shareholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their Shares.

If you are a registered shareholder, you may vote by telephone (1-800-PROXIES), or electronically through the Internet (www.voteproxy.com), by following the instructions included with your proxy card. If your shares are held in "street name," please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically.

Can I change my vote after I return my proxy card?

Yes. A proxy may be revoked by a registered shareholder at any time before it is exercised at the Annual Meeting by submitting a proxy bearing a later date or by voting in person at the Annual Meeting.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxies on the proxy card will vote in accordance with the recommendations of the Board of Trustees with respect to the election of each of the

[Table of Contents](#)

two Trustees nominated and the ratification of the Trust's independent accountants. In other words, the proxies will vote FOR both of these proposals. With respect to the two proposals to amend the Trust's declaration of trust, the named proxies *will not vote* on either of these proposals unless you have given instructions on your proxy card specifically directing the proxy how to vote on the applicable amendment.

With respect to any other matter that properly comes before the meeting, the named proxies will vote as recommended by the Board of Trustees or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

As to each item, shareholders are entitled to cast one vote per Share. The affirmative vote of a plurality of votes cast at the meeting, in person or by proxy, is required for the election of Trustees and the ratification of the Trust's independent accountants. Abstentions will not affect either the outcome of the vote on the election of Trustees or the ratification of the Trust's independent accountants. The affirmative vote of a majority of all Shares outstanding and entitled to vote at the meeting is required to approve each of the amendments to the Trust's declaration of trust. A withheld vote or an abstention on either or both of the amendments to the Trust's declaration of trust will have the effect of a vote against the proposal(s), as applicable.

ITEM 1

Election of Trustees

Who are the Trustees standing for election?

Our Board of Trustees currently consists of eight Trustees. Pursuant to Section 5.2 of the Trust's Declaration of Trust, the Trustees are divided into three classes, with each class serving a three-year term. Two Trustees, both of whom are Class II Trustees, are nominated for election at the 2004 Annual Meeting. Mr. David W. Faeder and Ms. Kristin Gamble have been nominated for election as Trustees to hold office until the 2007 Annual Meeting and until their successors have been elected and qualified. Mr. Dennis L. Berman, the other Class II Trustee, will not be standing for election. Both nominees are currently serving on the Board. Proxies may not be voted for more than two Trustees. The Board hopes to identify a candidate to fill the vacancy; however, if the Board is unable to identify such a candidate by the Annual Meeting, it will decrease its size to seven Trustees. If at any time subsequent to the 2004 Annual Meeting the Board is able to identify a candidate who possesses the qualities described below and can make positive contributions to the Board, the Board will consider increasing its size to accommodate that individual.

Before recommending any individuals for election to the Board, the Nominating and Corporate Governance Committee first makes determinations as to what size the Board should be and what skill sets should be represented on the Board. If the Committee concludes that the current size is appropriate, it first reviews each of the incumbent Trustees whose terms are expiring to determine whether those individuals should be nominated for reelection to the Board. The primary factors included in the Committee's review are whether the individual possesses skills which are desirable for the effective oversight of the Trust's operation and complementary to the skills of the other Trustees and whether, based on the most recent individual Trustee evaluations, he or she is performing his or her Trustee responsibilities well and adds value to the Board and its operations. All candidates for election to the Board should, at a minimum, possess public company, real estate, retail and/or other financial experience and have a history of honesty, integrity and fair dealing with third parties.

If the Committee determines that the Board needs to be expanded or that the incumbent Trustees whose terms are expiring should not be nominated for reelection, the Committee would seek recommendations from other Board members and management for possible candidates, and if no appropriate candidates were identified, the Committee would consider retaining a search firm. In addition, the Committee would consider nominating any candidate proposed by shareholders. To date, no shareholders have proposed any candidate for election to the Board. Any candidate nominated by a shareholder would be evaluated on the same basis as all other Board candidates.

Once a candidate is identified who has not previously served on the Board, the Committee arranges meetings between the candidate and each of the Board members as well as the Trust's senior management. The Committee also undertakes whatever investigative and due diligence activities it deems necessary to verify the candidate's credentials and determine whether the candidate would be a positive contributor to the operations of the Board and a good representative of the Trust's shareholders. Critical to this whole process is the Committee's determination that any candidate presented to the shareholders for election to the Board satisfy all applicable independence requirements, including those imposed by the New York Stock Exchange ("NYSE").

Article II, Section 13 of the Trust's Bylaws sets forth procedures shareholders can use to propose a candidate to be nominated for the Board. The Committee will consider any such candidate proposed. Any shareholder wishing to present a candidate for consideration as a Trustee for election at the Trust's 2005 Annual Meeting of Shareholders should provide the Committee with the name of the shareholder proposing the candidate as well as contact information for that shareholder, the name of the individual proposed for election, a resume or similar

[Table of Contents](#)

summary that includes the individual's qualifications and such other factual information that would be necessary or helpful for the Committee to evaluate the individual. The information should be sent to the Committee, in care of the Trust's Secretary as provided in the Bylaws by no later than December 2, 2004 so that she can forward it to the Committee Chairperson for consideration. The Committee will not have sufficient time to evaluate any candidate submitted after that date. A copy of the Trust's Bylaws is available in the Investor Information section of the Trust's website: www.federalrealty.com.

Which Trustees are independent?

The Board, on recommendation of the Nominating and Corporate Governance Committee, has determined that each current Trustee, other than Mr. Wood, the Trust's Chief Executive Officer, is independent as defined by the listing standards of the NYSE. No Trustee has any material relationship with the Trust other than those described in the "Certain Relationships and Related Transactions" section below.

What committees has the Board established, and how often did the Board and committees meet during 2003?

The Board of Trustees has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

The members of the Audit Committee of the Board of Trustees during 2003 were Mr. Loeb (Chair), Ms. Gamble, Mr. Vassalluzzo and Mr. Faeder. Mr. Faeder joined the Board in April 2003 when the Board increased its size from seven to eight Trustees and was appointed to the Audit Committee effective April 15, 2003. The Audit Committee oversees the financial reporting of the Trust, including the audit by the Trust's independent public accountants. Each member of the Audit Committee is "independent," as that term is defined in the NYSE listing standards, and Mr. Faeder has been designated as the Trust's "audit committee financial expert" in accordance with the SEC rules and regulations. The Audit Committee held five meetings in 2003.

The Compensation Committee of the Board of Trustees is composed of Ms. Lane (Chair effective January 3, 2003), Mr. Berman and Mr. Ordan (Chair until January 3, 2003) all of whom are "independent" as that term is defined in the NYSE listing standards. The Compensation Committee reviews and reports to the Board on incentive plans and remuneration of officers, administers the Trust's 2001 Long-Term Incentive Plan (the "2001

[Table of Contents](#)

Plan”) and certain other compensation plans; and approves stock option and other equity-based awards. The Compensation Committee held six meetings in 2003.

The members of the Nominating and Corporate Governance Committee of the Board of Trustees during 2003 were Ms. Gamble (Chair), Ms. Lane, Mr. Ordan and Mr. Vassaluzzo all of whom are “independent” as that term is defined in the NYSE listing standards. Until March 1, 2003, the Nominating and Corporate Governance Committee was composed of all of the non-employee Trustees. The Nominating and Corporate Governance Committee identifies and recommends to the Board individuals to stand for election to the Board, makes recommendations to the Board regarding committee memberships and chairmanships, makes determinations of independence for purposes of service on the Board and its committees, develops and recommends to the Board corporate governance guidelines and Trust policy governing ethical business conduct, makes recommendations regarding compensation for service on the Board and its committees, and oversees the performance evaluation of the Board and each Trustee on an annual basis. The Nominating and Corporate Governance Committee charter provides that the committee will consider suggestions for Board membership submitted by shareholders in accordance with the notice provisions and procedures set forth in the Trust’s Bylaws. The Nominating and Corporate Governance Committee held four meetings in 2003.

During 2003 the Board of Trustees held nine meetings. Each Trustee attended at least 75% of all meetings of the Board and the Board committees on which he or she served during 2003. On an aggregate basis, the Trustees attended 95% of all Board and Board committee meetings. The Trust’s Corporate Governance Guidelines provide that all Trustees are to attend all meetings of the Board and the Board committees on which he or she serves. In addition, each Trustee is expected to attend the Annual Meeting of Shareholders, and in 2003 the Annual Meeting of Shareholders was attended by all eight Trustees.

How are the Trustees compensated?

2003 — In 2003, each non-employee Trustee other than the non-executive Chairman of the Board received an annual fee of \$25,000. Each Trustee was paid the fee based on the number of months during the year he or she served as a Trustee. Mr. Ordan, the Trust’s non-executive Chairman of the Board, was paid an annual fee in 2003 of \$200,000. Mr. Ordan’s fee was established by the Board based on available market data and taking into account the leadership and oversight role the Board required Mr. Ordan to provide after the transition of the Trust’s CEO responsibilities effective January 1, 2003. The annual fee in 2003 for service on each of the Compensation and Nominating and Corporate Governance Committees was \$3,000 and \$6,000 for service as the Chairman of those committees. The annual fee in 2003 for service on the Audit Committee was \$4,000 and \$8,000 for service as its Chairman. In addition, Mr. Loeb received a special one-time fee of \$15,000 for service as Chairman of the Audit Committee in recognition of the additional work required by Mr. Loeb in that capacity to oversee, among other things, the retention and creation of the Trust’s internal audit function. Committee fees were also prorated based on the number of months of service. In accordance with the provisions of the 2001 Plan, the annual fees of the non-executive Chairman of the Board and all other Trustees for service on the Board and its committees are payable in cash or Shares or a combination of both, at the election of the Trustee. The Trust issued Shares for 10% of the Trustees’ annual service fees paid in 2003. In addition to annual fees for service on the Board of Trustees and Board committees, the non-employee Trustees received cash fees of \$1,000 per meeting attended in person and \$500 per meeting attended by telephone. Mr. Ordan did not receive any fees for service on any of the Board committees or any per meeting attendance fees. In accordance with the 2001 Plan, as of the date of the 2003 Annual Meeting of Shareholders, each non-employee Trustee, including the non-executive Chairman of the Board, received an option to purchase 2,500 Shares at an exercise price of \$31.31. Mr. Wood did not receive any fees or option awards for his service on the Board. The total amount of non-employee Trustee compensation paid by the Trust in 2003, including an estimated Black-Sholes value of \$1.40 per option, was \$500,500 or approximately \$72,000 per non-employee Trustee.

2004 — The Board, working through the Nominating and Corporate Governance Committee, hired FPL Associates, a compensation consultant, to evaluate all aspects of non-employee Trustee compensation. Taking into account FPL’s recommendations, the Board restructured its compensation program to reflect current market levels of compensation and to better align Trustee compensation with the long term interests of shareholders. In 2004 each non-employee Trustee (other than the non-executive Chairman of the Board) will receive an annual fee

[Table of Contents](#)

for Board service of \$70,000 and the non-executive Chairman of the Board will receive an annual fee of \$125,000. In addition, the chairperson of each of the Trust's Audit, Compensation and Nominating and Corporate Governance Committees will receive \$5,000 for serving as chair of that committee. All annual fees will be pro-rated based on the number of months during the year he or she serves as a Trustee, non-executive Chairman or chair of a committee, as applicable. Except for the fee described for serving as chair of a committee, there will be no additional fees paid to any Trustee, including the non-executive Chairman, for service on any of the Board committees or for attendance at any Board or committee meetings. At least 20% of the annual Trustee fee for each Trustee, including the non-executive Chairman of the Board, will be paid in Shares, subject to the Trust's achieving the performance criteria described below, and each Trustee has the option to receive any or all of the remaining fee in the form of cash or Shares. Total Trustee fees for 2004 are estimated to be \$545,000, a 9% increase over aggregate 2003 Trustee compensation; however, the maximum guaranteed portion of that amount is only \$436,000. The remainder will only be paid if the Trust achieves its performance objectives. Mr. Wood will not receive any compensation for his service on the Board in 2004.

The portion of the Trustee fee to be paid in Shares will only be payable if the Trust achieves pre-established performance hurdles relating to the relative total return to shareholders (taking into account both stock price appreciation and dividends) generated by the Trust as compared with the Bloomberg Shopping Center REIT Index, the Trust's absolute total return to shareholders (taking into account both stock price appreciation and dividends) and the Trust's return on invested capital, all of which are generally determined based on performance for the prior three year period, subject to certain phase-in provisions. If those hurdles are not achieved, the Trustees will not receive any of the portion of the fee they elected to have paid in the form of Shares. By tying a portion of each Trustee's fee to the performance of the Trust over a three year period, the interests of the Trustees are aligned with the long term interests of shareholders.

The actual amount of the annual fee to be paid to each Trustee in Shares may decrease or increase by as much as 50% depending on the Trust's actual performance as measured against the established performance hurdles. The final number of Shares to be awarded to each Trustee will be determined by dividing the final amount of the fee to be paid in Shares determined as described above by the closing price of the Trust's shares on the date the determination is made as to whether the Trust satisfied the established performance hurdles. All Shares will vest immediately on making the award. The compensation to be paid to the Trustees in the form of Shares will be determined in the same manner and subject to the same performance hurdles as the long term equity incentive compensation paid to the Trust's officers and described in the "Compensation Committee Report" included below. The Trustees will no longer receive the options that are described in the 2001 Plan.

How can shareholders communicate with the Trustees?

The Trust's procedure for shareholders to send communications to the Board or any individual Trustee can be found in the Investor Information section of the Trust's website: www.federalrealty.com.

Employment Agreements and Termination of Employment and Change-in-Control Arrangements

The Trust has entered into severance agreements with Ms. Becker, Mr. Berkes, Mr. Finger and Mr. Wood which provide, among other things, that if the officer is terminated without cause (as defined in the agreements), the officer will be entitled to receive his or her salary (as defined in the agreements) for one year (18 months in the case of Mr. Wood) and benefits for nine months. The officer also will receive the benefits payable upon termination without cause under certain additional circumstances, including, among other things, a demotion or a substantial reduction in the officer's responsibilities without his or her written consent, relocation of the Trust's principal office outside the Washington, D.C. area, or a decrease of the officer's base salary below a percentage specified in each officer's severance agreement. The Trust may terminate the officer's employment with cause without payment to the employee.

The severance agreements with Ms. Becker, Mr. Berkes and Mr. Finger also provide that, if any of these officers leave the employment of the Trust within six months following a change in control (generally defined to include control of a specified percentage of the outstanding Shares), he or she will be entitled to receive a lump sum cash payment equal to the payment to which he or she would have been entitled upon a termination without cause, benefits and executive perquisites for a specified period following such termination, to have the restrictions on the exercise or receipt of any stock options or stock grants lapse and, at the option of the officer, to have the Trust redeem all Shares owned at termination at a formula price. These agreements also provide that if benefits paid pursuant thereto are determined to be subject to an excise or similar tax, the Trust will provide the officer with such additional compensation as is necessary to place him or her in the same after-tax position as he or she would have been had such tax not been paid or incurred. The Trust has entered into an agreement with Mr. Wood providing for the same benefits upon a change in control, except that Mr. Wood's cash payment would be equal to two years' salary and bonus.

In February 2000, the Trust granted a performance share award ("Performance Award") to Mr. Wood for 37,500 Shares ("Performance Shares"). Pursuant to the terms of this award, a specified number of Performance Shares will vest each year from 2000 through 2007 if the Trust meets or exceeds the threshold-level "Performance Target," and over a shorter period of time if the Trust meets a higher level. Both levels are established annually by the Compensation Committee at the beginning of the year to which they will apply. Any Performance Shares which remain unvested after 2007 vest in five equal annual installments through 2012. All Performance Shares vest in the event of a change in control (as defined in the Performance Award), or the termination of Mr. Wood's employment due to disability (as defined in the Performance Award) or without cause (as defined in the Performance Award). If Mr. Wood's employment is terminated for cause, his rights to any unvested Performance Shares are forfeited. If Mr. Wood dies or voluntarily resigns from his employment with the

[Table of Contents](#)

Trust, a pro rata number of Performance Shares for that year will vest if the Performance Target is met, and his rights to any future unvested Shares are forfeited.

In February 2000, the Trust granted a restricted share award ("Service Award") to Mr. Wood for 37,500 Shares. Pursuant to the terms of the Service Award, 391 Shares vest each month over an eight-year period, subject to accelerated vesting in the event of a change in control (as defined in the Service Award) or the termination of Mr. Wood's employment due to disability or without cause (each as defined in the Service Award). If Mr. Wood voluntarily resigns from his employment with the Trust or his employment is terminated for cause prior to the end of the aforementioned eight-year period, his rights to any unvested Shares are forfeited. If Mr. Wood dies, the number of Shares which would have vested in the month of his death vest and his rights to any future unvested Shares are forfeited.

In February 2000, the Trust granted Service Awards to Ms. Becker (3,800 Shares) and Mr. Berkes (20,000 Shares). These Service Awards vest in five equal annual installments, subject to accelerated vesting in the event of a change in control (as defined in the Service Awards) or the termination of the officer's employment due to death, disability or without cause (each as defined in the Service Awards). If the officer voluntarily resigns from his or her employment with the Trust or his or her employment is terminated for cause prior to the end of the aforementioned five-year period, his or her rights to any unvested Shares are forfeited.

In February 2002, the Trust granted a Performance Award to Mr. Wood (10,000 Performance Shares), Ms. Becker (1,000 Performance Shares) and Mr. Berkes (3,500 Performance Shares). Pursuant to the terms of these awards, 20% of the Performance Shares will vest for any calendar year in which the Trust's total return exceeds the Morgan Stanley REIT Index total return for the same period. Any Performance Shares which remain unvested after 2011 will be forfeited. In all other respects, the Performance Awards are identical to Mr. Wood's 2000 Performance Award described above, except that: (a) the agreements do not provide for the making of tax loans; and (b) if Mr. Wood's, Ms. Becker's or Mr. Berkes' employment is terminated as a result of death or disability, the specified number of Performance Shares will vest for that year if the applicable Performance Target is met.

In February 2003, the Trust granted a Performance Award to Mr. Wood (37,500 Performance Shares), Ms. Becker (7,500 Performance Shares), Mr. Berkes (5,000 Performance Shares) and Mr. Finger (30,000 Performance Shares). Pursuant to the terms of these awards, 20% of the Performance Shares will vest for any calendar year in which the Trust's total return exceeds the Bloomberg REIT Shopping Center Index total return for the same period. Any Performance Shares which remain unvested after 2012 will be forfeited. In all other respects, the Performance Awards are identical to the 2002 Performance Awards described above.

In 1998, the Trust entered into a split-dollar life insurance agreement with Mr. Wood pursuant to which the Trust makes certain premium payments on his behalf relating to certain insurance policies and is reimbursed for those premiums after fifteen years. The Trust's funding obligations end, and it is entitled to immediate reimbursement, in the event of termination of Mr. Wood's employment under certain circumstances. The Trust's funding obligations do not end, however, in the event of termination without cause or in connection with a change in control of the Trust. The Trust will make the final premium payment required pursuant to this Agreement in June 2004.

The 1993 Plan provides that all stock options granted pursuant to it shall vest in the event of a change in control, as defined in the 1993 Plan. All Restricted Shares granted under the 1993 Plan or the 2001 Plan pursuant to the Trust's Incentive Bonus Plans or the 2003 LTIAP vest in the event of a termination without cause or a change in control.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Trust filing under the Securities Act of 1933 or the Exchange Act, except to the extent the Trust specifically incorporates this Report or the performance graph by reference in the specified filing.

In 2003, the Compensation Committee was responsible for determining the level of compensation paid to the Trust's executive officers. The Compensation Committee is, and at all times during 2003 was, composed of three Trustees, each of whom meets the current independence requirements of the NYSE. The Committee operates under a written charter which was initially adopted on February 12, 2003, a copy of which is available in the Investor Information section of the Trust's website: www.federalrealty.com.

Philosophy. The fundamental objective of the Compensation Committee is to create a compensation program for executive officers that will attract and retain qualified executives while ensuring that they are compensated in a way that advances both the short- and long-term interests of our shareholders. We believe these objectives are best achieved through a compensation program that consists of the following three key elements:

- base salary;
- a performance based annual bonus which may be paid in cash, Shares or both; and
- long-term equity incentives paid in the form of restricted stock with amounts determined on the basis of the Trust's longer term performance.

Under this approach, more than two-thirds of the potential annual compensation for each of the executive officers is "at risk." The amount of the "at risk" compensation, consisting of annual bonus as well as long-term equity incentives, is determined based on, and paid only if the Trust satisfies, certain short and long-term performance criteria. If the Trust does not achieve the established performance criteria, the executive officers will receive none of the "at risk" compensation. The Committee believes that tying such a substantial portion of the executive officers' annual compensation to the Trust's performance on both a short and long-term basis creates a strong alignment between those officers and the Trust's shareholders.

Base Salaries and Annual Bonuses (other than for the Chief Executive Officer). The base salaries and annual bonuses of executive officers (other than the Chief Executive Officer) are set each year by the Compensation Committee, taking into account the recommendations of the Chief Executive Officer. The factors that go into the determination of those salaries and bonuses include the Trust's performance, each executive officer's individual performance, the nature of each officer's position, the contribution made by such officer to the Trust's overall corporate performance, and the competitive market salaries for that position.

The annual bonuses for the Trust's executive officers (including the Chief Executive Officer) are determined in accordance with the same Incentive Bonus Plan that applies to most of the Trust's employees. Under this plan, no executive officer or other employee, regardless of individual performance, will be entitled to receive an annual bonus unless the Trust achieves an FFO target established by the Committee. If the Trust exceeds the established FFO target, the potential annual bonus will be increased. The final amount of the bonus actually paid to any of the Trust's executive officers and other employees is largely determined on the basis of that individual's performance. By using FFO as the measure for paying annual bonuses, over one-fourth of the executive officers' compensation has been tied to the short term success of the Trust.

In accordance with the Incentive Bonus Plan, all officers and those employees classified as "Directors" received up to 25% (in accordance with their election made in the first quarter of 2003) of their annual bonuses for 2003 in Shares vesting over a three-year period. In consideration for the vesting provision, they received shares valued at 120% of the cash value on the date of grant. Shares awarded as a portion of the annual bonus are not part of long-term incentive compensation; however, the Compensation Committee believes that the issuance of these Shares with their staggered vesting helps the Trust retain valued employees and gives a wider range of employees an equity stake in the Trust. In 2003, the Compensation Committee retained a consultant, FPL Associates, to review the Trust's compensation plans, including the Incentive Bonus Plan. Based on that review,

[Table of Contents](#)

the Compensation Committee determined that the Incentive Bonus Plan as currently structured is an appropriate mechanism to make a portion of annual compensation contingent on the Trust's short term performance.

Long-Term Equity Incentives. The Compensation Committee periodically has awarded stock options and performance based stock to executive officers, Vice Presidents and a few other key employees to reward exceptional corporate and individual performance in a given year. These awards took the form of, among other things, stock options and shares that vested only on the Trust's achieving specified performance objectives. In 2003 the Compensation Committee retained FPL Associates to create a formal program for the Trust under which equity awards would be made on a regular basis to the Trust's executive officers, Vice Presidents and certain other key employees. The primary objectives of such a program are to align a significant portion of compensation for the Trust's senior management with the creation of long-term shareholder value and to create a compensation plan more in line with industry standards as a tool to attract and retain top quality senior management. Based on FPL's recommendations, the Compensation Committee adopted the 2003 Long Term Incentive Award Program ("2003 LTIAP"). The 2003 LTIAP ties a substantial portion of management's compensation, including the compensation of the Chief Executive Officer, to the Trust's performance over a number of years which, the Committee believes, creates a true alignment of management with the creation of long-term shareholder value.

Under the 2003 LTIAP, the Committee establishes annually an amount of compensation to be paid to each of the Trust's officers, including the Chief Executive Officer, in the form of restricted Shares. These amounts will be paid to the applicable officer only if the Trust meets or exceeds certain performance targets. If the Trust does not achieve a minimum performance level on any one of the established performance measures, no portion of the equity compensation tied to such performance measure will be paid to any of the eligible participants. The performance measures used under the 2003 LTIAP are the Trust's relative total return to shareholders (taking into account share price appreciation and dividends) as compared to other REITs in the Bloomberg Shopping Center REIT Index, the Trust's absolute total return to shareholders (taking into account share price appreciation and dividends) and the Trust's return on invested capital. For each of these performance measures, the Compensation Committee establishes a threshold, target and stretch level of required performance as well as corresponding levels of compensation for each of the Trust's officers. Target levels of performance are intended to reflect the performance required by the Trust to meet its business objectives for the coming year, with stretch levels representing a substantial achievement that puts the Trust at or near the top of its peer group and threshold levels representing minimally acceptable levels of performance. If the Trust performs below the threshold level, no equity award is made to any officer with respect to such performance measure. The amount of equity awarded to each officer with respect to any performance measure increases up to the established stretch level if the Trust performs exceptionally well. Except for a short transition period, each of these performance measures is calculated on the basis of a three-year rolling average. The equity awards under the 2003 LTIAP will be made in the form of restricted Shares that vest in equal installments over a three-year period with unvested Shares being forfeited in the event the applicable employee resigns from the Trust. The number of Shares to be awarded to those employees will be determined on the basis of the closing price of the Trust's stock on the date the award is made.

The 2003 LTIAP also provides for options to be awarded to other key employees for exceptional corporate and individual performance. All awards made to those employees will be made in the form of stock options that will be issued at fair market value on the date of the grant and will vest in equal installments over a 3-year period and expire after 10 years.

Chief Executive Officer. Mr. Wood has been the Trust's Chief Executive Officer since January 2003. Mr. Wood is compensated in the same manner as the Trust's other executive officers on the basis of the same types of performance factors described above and with the same forms of compensation. Mr. Wood's compensation package includes a base salary, an annual bonus awarded at the discretion of the Compensation Committee and long-term, performance based equity awards. Mr. Wood's long-term equity awards are determined and awarded under the 2003 LTIAP on the basis of the same performance measures described above. Mr. Wood's 2004 base salary and 2003 annual bonus were established by the Committee based on the Trust's performance and the Committee's evaluation of Mr. Wood's contributions to the Trust's performance during 2003.

Deductibility of Executive Compensation in Excess of \$1.0 Million. Section 162(m) of the Internal Revenue Code generally disallows a federal income tax deduction to any publicly held corporation for compensation paid in excess of \$1 million in any taxable year to an executive officer who is named in the Summary Compensation Table. Exceptions are made for qualified performance-based compensation, among other things. The Compensation Committee intends generally to structure its executive awards to comply with this Section 162(m) exception; however, the Committee does not believe that it is necessarily in the best interest of the Trust and its shareholders that all compensation meet the requirements of Section 162(m) for deductibility. Accordingly, the Committee may determine to award non-deductible compensation in such circumstances as it deems appropriate. Moreover, in light of the ambiguities and uncertainties under Section 162(m), no assurance can be given that compensation intended by the Trust to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

Performance Graph

The following performance graph compares the cumulative total shareholder return on the Trust's Shares with the cumulative return on the S&P 500 and the index of equity real estate investment trusts prepared by the National Association of Real Estate Investment Trusts ("NAREIT") for the five fiscal years commencing December 31, 1998 and ending December 31, 2003, assuming an investment of \$100 and the reinvestment of all dividends into additional common shares during the holding period. Equity real estate investment trusts are defined as those which derive more than 75% of their income from equity investments in real estate assets. The NAREIT equity index includes all tax qualified real estate investment trusts listed on the NYSE, American Stock Exchange or the Nasdaq National Market. Stock performance for the past five years is not necessarily indicative of future results.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Prior to July 2002, the Trust loaned Mr. Wood an aggregate of \$290,000 and Mr. Berkes an aggregate of \$333,000. The loan to Mr. Wood was used to pay income taxes associated with the vesting of Shares pursuant to his Performance Awards and Service Award. The current interest rate on Mr. Wood's loans, based on the Trust's variable-rate line of credit, is 1.95% with payments of interest only required to be made on a quarterly basis. Mr. Wood's notes are recourse to Mr. Wood and secured by the Shares which will not be released until the notes are paid in full. The loan to Mr. Berkes was used to acquire Shares pursuant to option awards made to Mr. Berkes under the 1993 Plan. The note for Mr. Berkes' loan provides for quarterly payments of interest at a floating market rate of interest reset on an annual basis. The maturity date for Mr. Berkes' loan is May 31, 2007. Mr. Berkes' stock option note is recourse to Mr. Berkes and secured by the Shares acquired with the loan, which Shares will not be released until the note is paid in full. Federal law prohibits the Trust from making any further loans to its executive officers or materially modifying the existing loans to Mr. Wood and Mr. Berkes.

The following table sets forth the indebtedness to the Trust of the named executive officers as of March 24, 2004: **[NOTE: This information is current as of February 25, 2004 and will be updated as of March 24, 2004.]**

Name	Title	Maximum Outstanding during 2003	Current Balance of Notes

Dawn M. Becker	Senior Vice President — General Counsel and Secretary	0	0

Larry E. Finger	Senior Vice President — Chief Financial Officer and Treasurer	0	0

Mr. Ordan, our non-executive Chairman of the Board, was named Chief Executive Officer of Sutton Place Group, LLC in December 2003. Sutton Place leases from the Trust approximately 20,000 square feet in the Trust's Wildwood Shopping Center. Mr. Vassalluzzo is the Vice Chairman of Staples, Inc. which has leases with the Trust for approximately 91,000 square feet of space in five locations in the Trust's portfolio. Each of the leases with Sutton Gourmet and Staples were negotiated at arms length and reflected market conditions at the time they were signed. As previously disclosed, the Board has determined that both Mr. Ordan and Mr. Vassalluzzo meet the NYSE independence requirements.

In February 2004, in connection with the Trust's relocating Mr. Berkes to our Santana Row office in California, the Trust acquired from Mr. Berkes his personal residence in Chevy Chase, Maryland for an aggregate price, including acquisition costs, of approximately \$1,450,000. This price was agreed upon by the Trust and Mr. Berkes on the basis of appraisals prepared by qualified third party residential appraisers. The Trust intends to hold the house for so long as is necessary to complete an on-going renovation project at a cost of approximately \$350,000 pursuant to a guaranteed maximum price contract assigned to the Trust. After completion of the renovation, the Trust intends to market the house for sale, and based on the opinion of an experienced real estate agent in the area, the Trust anticipates that it will be able to resell the house for at least the amount the Trust will have invested in the house.

As part of Mr. Berkes' relocation to the West Coast, the Trust will lease to Mr. Berkes for up to 8 months a villa at Santana Row at a monthly rent of \$2,400. This amount is below market by approximately \$1,450 per month. The Trust also will reimburse Mr. Berkes for reasonable out-of-pocket moving expenses and for storage costs for up to 8 months. In addition, if and when Mr. Berkes elects to purchase a house on the West Coast, the Trust will pay his closing costs, including up to one (1) point for his mortgage financing.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Trustees and executive officers of the Trust are required by Section 16(a) of the Exchange Act to file reports of initial ownership and changes of ownership of the Trust's Shares with the SEC and with the NYSE. To the Trust's best knowledge, based solely on review of copies of such reports furnished to the Trust and written representations that no other reports were required, the required filings of all such Trustees and executive officers were filed timely, except for one late filing by Mr. Berkes which reflects the reallocation into other investments of \$270 held in approximately 8 Shares in Mr. Berkes' 401(k) account.

REPORT OF THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The following Report of the Nominating and Corporate Governance Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Trust filing under the Securities Act of 1933 or the Exchange Act, except to the extent the Trust specifically incorporates this Report by reference therein.

The Nominating and Corporate Governance Committee of the Trust is composed of four Trustees, each of whom meets the current independence requirements of the NYSE. Some of the primary responsibilities of the Nominating and Corporate Governance Committee are recommending individuals to stand for election to the Board, overseeing and planning for CEO succession, and general oversight of all of the Trust's corporate governance functions. The Committee's responsibilities are detailed in the Committee's written charter that was first adopted on February 12, 2003, a copy of which is available in the Investor Information section of the Trust's website: www.federalrealty.com. The Committee's procedures for nominating trustees for election to the Board are detailed under "Item 1 — Election of Trustees."

In February 2003, the Board, on recommendation of the Committee, undertook a number of actions to bring the Trust into compliance with the proposed listing standards of the NYSE even though those standards were not adopted until November 2003. The Committee also undertook an overall review of a number of aspects of the Trust's governance. Some of the highlights of the Committee's activities during 2003 include:

- completion of the succession of the Trust's Chief Executive Officer;
- appointment of an independent trustee as Chairman of the Board of Trustees;
- adoption of new charters for the Trust's Compensation Committee and the Nominating and Corporate Governance Committee and a revised charter for the Audit Committee;
- adoption of corporate governance guidelines to address detailed Board operations;
- adoption of a code of conduct applicable to employees, a code of ethics for senior financial officers and procedures for the submission of complaints regarding accounting, auditing and other matters;
- institution of reviews of individual Trustees and of the Board as a whole; and
- a comprehensive review, in conjunction with the Board, of the Trust's available takeover defenses, which resulted in a number of changes affecting the Trust's corporate governance. Those changes, including recommendations for shareholder approval, are described in "Item 2 — Amendment to Declaration of Trust to Change Permissible Size of Board" and in "Item 3 — Amendment to Declaration of Trust to Decrease Vote Required to Remove a Trustee With or Without Cause."

Copies of the Trust's Corporate Governance Guidelines, the charters for each of the Audit, Compensation and Nominating and Corporate Governance Committees, the code of conduct, the code of ethics and complaint submission procedures are available in the Investor Information section of the Trust's website: www.federalrealty.com.

PROPOSALS TO AMEND THE TRUST'S DECLARATION OF TRUST

As part of the ongoing efforts of the Board of Trustees to strengthen the Trust's corporate governance and enhance shareholders' rights, the Board of Trustees has reviewed the Trust's Declaration of Trust (the "Declaration") and determined that it is in the best interests of the Trust and its shareholders to amend the Declaration in two respects. Specifically, the Board of Trustees is recommending that the shareholders vote in favor of the following two amendments to the Declaration:

- the amendment (described in Item 2 below) of Section 5.2 of the Declaration to increase the minimum number of members of the Board of Trustees from three to five and decrease the maximum number from fifteen to ten; and
- the amendment (described in Item 3 below) of Section 5.3 of the Declaration to reduce the shareholder vote required to remove a Trustee with or without cause to two-thirds of the common shares outstanding (from its current level of 80%).

Each shareholder may vote: (a) in favor of each amendment; (b) against each amendment; or (c) in favor of one amendment and against the other amendment. The approval of one amendment is not contingent on the approval of the other amendment.

For the reasons discussed in Items 2 and 3 below, the Board of Trustees recommends that shareholders vote FOR the amendment described in Item 2 and FOR the amendment described in Item 3.

ITEM 2

Amendment of the Trust's Declaration of Trust to Change Permissible Size of the Board

Proposed Amendment to Declaration of Trust

The Board of Trustees is proposing for shareholder approval an amendment of the Trust's Declaration to change the permissible size of the Trust's Board to allow the Board to consist of a minimum of five and a maximum of ten Trustees (instead of the current requirement of three to fifteen Trustees). The Board believes that the proposed amendment is in the best interests of the Trust and its shareholders. Specifically, the Board recommends that the shareholders approve the amendment of Section 5.2 of the Declaration, which establishes the permissible size of the Board, by deleting the proviso at the end of the first sentence thereof and replacing it with the following:

provided, however, that the total number of Trustees shall be at least five (5) and not more than ten (10).

Reasons for the Amendment

The amendment to the Declaration is being proposed as part of the Trust's ongoing efforts to strengthen its corporate governance and provide the shareholders with greater input and control as to the management of the Trust. This amendment and the amendment proposed in Item 3 below are just two of the changes that have been adopted or recommended by the Board as a result of this process. Both of these proposed amendments to the Declaration result from the Board's comprehensive review of those aspects of the Trust's governance structure which could be viewed as anti-takeover devices.

Other changes that the Board has implemented as a result of this review include: (a) amending the Trust's Bylaws and Corporate Governance Guidelines to provide that the Board will never include more than one Trustee who does not satisfy the independence requirements of the SEC and the NYSE; (b) amending the Trust's shareholder rights plan to provide that it must be reviewed by the Board every three years and to increase the percentage ownership of Shares that will cause the plan to take effect from 15% to 20%; and (c) amending the Trust's Bylaws to provide that the Board cannot unilaterally take advantage of the control share acquisition provisions of the Maryland statutes without first obtaining the approval of a majority of the Trust's shareholders.

The proposed amendment of the Declaration to limit the maximum size of the Board will help ensure that incumbent board members are not able to dilute the authority of Trustees that have been elected by the shareholders simply by increasing the size of the Board to 15 Trustees without the vote of the shareholders. In addition, setting a minimum size of at least five Trustees permits the Trust to maintain the Board at a number sufficient to include Trustees with all of the skill sets necessary to effectively oversee the Trust's operations and management. The Board believes that a minimum Board size of five will permit adequate representation of these necessary skill sets and that permitting more than ten members of the Board could decrease the efficiency and manageability of the Board's operations.

Effect of the Amendment

Attached hereto as Appendix A is the form of Articles of Amendment to the Declaration (the "Articles of Amendment") that will be filed with the Maryland State Department of Assessments and Taxation (the "SDAT") if the shareholders approve, by the vote described below, both Items 2 and 3 of this proxy statement. If only this Item 2 is approved by the shareholders, the Articles of Amendment attached to this proxy statement will be modified to remove Paragraph 2 thereof and will be filed with the SDAT in that form.

If approved by the requisite vote of the shareholders, the amendment to the Declaration that is described in this Item 2 will become effective at the time that the Articles of Amendment (modified as described in the paragraph immediately above, if necessary) are filed with and accepted for record by the SDAT (the "Effective

[Table of Contents](#)

Time"). The filing is expected to be made as soon as practicable after the Annual Meeting if the proposed amendment is approved. At the Effective Time:

- The Trust's Declaration of Trust, as previously amended by the Articles Supplementary filed with the SDAT on November 26, 2001, will be further amended as set forth in the Articles of Amendment attached hereto as Appendix A, subject to the modification described above if only this Item 2 is approved; and
- The size range of the Trust's Board of Trustees will be limited to a minimum of five (5) Trustees and to a maximum of ten (10) Trustees.

Currently, the Trust's Board of Trustees consists of eight Trustees. As a result, the amendment will not result in or require any changes in the membership of the Board.

Required Vote

The affirmative vote of at least a majority of the Shares outstanding and entitled to vote at the meeting is required to approve the amendment described in this Item 2.

No Dissenters' Appraisal Rights

Shareholders do not have dissenters' appraisal rights in connection with this amendment.

THE BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE PROPOSAL TO AMEND THE TRUST'S DECLARATION OF TRUST TO CHANGE THE PERMISSIBLE SIZE OF THE BOARD.

ITEM 3

Amendment of the Trust's Declaration of Trust to Decrease Vote Required to Remove a Trustee With or Without Cause

Proposed Amendment to Declaration of Trust

The Board of Trustees also is proposing for shareholder approval an amendment of the Declaration to reduce the percentage of shareholder votes required to remove a Trustee, with or without cause, to two-thirds of the outstanding Shares (rather than the current requirement of 80% of the outstanding Shares). Specifically, the Board believes that it is in the best interest of the Trust and the shareholders to amend Section 5.3 of the Declaration by deleting the second sentence thereof in its entirety and inserting in its place, as the new second sentence thereof, the following:

Subject to the rights of holders of one or more classes or series of Preferred Shares to elect or remove one or more Trustees, a Trustee may be removed at any time, (i) with or without cause, at any meeting of the shareholders called for the purpose, by the affirmative vote of the holders of not less than two-thirds of the Shares then outstanding and entitled to vote thereon, or (ii) with cause, by the vote of all the other Trustees.

Reasons for the Amendment

The amendment to the Declaration is being proposed as part of the Board's ongoing efforts to strengthen the Trust's corporate governance and in connection with its recent review of the Trust's Declaration, including provisions that may be viewed as anti-takeover devices, as more particularly described above under "Item 2 — Amendment of the Trust's Declaration of Trust to Change Permissible Size of Board." In addition to the reasons described above, decreasing the vote required for shareholders to remove a Trustee will provide the shareholders with greater ability to control the composition of the Board between annual meetings of the shareholders.

Effect of the Amendment

Attached hereto as Appendix A is the form of Articles of Amendment that will be filed with the SDAT if the shareholders approve, by the vote described below, both Items 2 and 3 of this proxy statement. If only this Item 3 is approved by the shareholders, and Item 2 of this proxy statement is not approved by the shareholders, the Articles of Amendment attached to this proxy statement will be modified solely to remove Paragraph 1 thereof and will be filed with the SDAT in that form.

The amendment to the Declaration that is described in this Item 3 will become effective at the Effective Time. The filing is expected to be made as soon as practicable after the Annual Meeting if the proposed amendment is approved. At the Effective Time:

- The Trust's Declaration of Trust, as currently in effect, will be further amended as set forth in the Articles of Amendment attached hereto as Appendix A, subject to the modification described above if only this Item 3 is approved; and
- Subject to the rights of holders of preferred shares to elect or remove Trustees, the shareholders may remove a Trustee at any time, with or without cause, at any meeting of the shareholders called for that purpose, by the affirmative vote of the holders of not less than 67% of the Shares then outstanding and entitled to vote.

Required Vote

The affirmative vote of at least a majority of all of the Shares outstanding and entitled to vote at the meeting is required to approve the amendment described in this Item 3.

No Dissenters' Appraisal Rights

Shareholders do not have dissenters' appraisal rights in connection with this amendment.

ITEM 4

Ratification of Independent Accountants

The Audit Committee of the Board of Trustees has retained Grant Thornton LLP as the Trust's independent accountant for the year ending December 31, 2004 and is asking the shareholders to ratify that selection. Our organizational documents do not require that our shareholders ratify the selection of Grant Thornton LLP as our independent accountant; however, we are seeking ratification because we believe that it is a matter of good corporate practice. If the ratification is not approved by a majority of the Shares voting on the matter, the Audit Committee may reconsider whether to retain Grant Thornton LLP. Even if the ratification is approved, the Audit Committee may change the appointment of Grant Thornton LLP at any time if it determines such a change would be in the best interests of the Trust and our shareholders.

A representative of Grant Thornton LLP will be present at the Annual Meeting and will have the opportunity to make a statement and answer appropriate questions from shareholders.

The Audit Committee believes that Grant Thornton LLP is well qualified to serve as the Trust's independent accountant. Grant Thornton LLP has completed its registration with the Public Company Accounting Oversight Board and is familiar with our affairs and financial procedures, having served as our independent accountant since June 4, 2002 and having also served in that capacity for approximately 20 years prior to 1999. The Audit Committee is aware of certain litigation involving Grant Thornton LLP which is unrelated to the Trust. After lengthy discussions with representatives of Grant Thornton LLP and full consideration of the issues, the Committee is satisfied that these matters involving Grant Thornton LLP do not call into question the integrity of Grant Thornton LLP or impact its ability to audit the Trust's financial statements.

Pursuant to its charter, the Audit Committee must pre-approve all audit and non-audit services provided by Grant Thornton LLP. For 2004 the Audit Committee to date has approved Grant Thornton LLP's providing to the Trust up to \$75,000 of tax planning services in connection with the Trust's acquisition and investment activities, none of which planning is permitted to relate to tax shelters, and up to \$75,000 of comfort letter and similar services in connection with the Trust's capital market transactions. The Audit Committee has concluded that Grant Thornton LLP's providing these permissible non-audit services would not compromise Grant Thornton LLP's independence. The Audit Committee may approve Grant Thornton LLP's providing additional non-audit services for the Trust if it determines that it is in the best interests of the Trust for Grant Thornton LLP to provide those services and Grant Thornton LLP's independence would not be compromised. All audit and non-audit services provided to the Trust by Grant Thornton LLP for the 2003 fiscal year are described under "Relationship With Independent Accountants" below.

THE BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE AUDIT COMMITTEE'S SELECTION OF GRANT THORNTON LLP AS OUR INDEPENDENT ACCOUNTANT FOR 2004.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Grant Thornton LLP has been selected as independent public accountant for the Trust for the current year, and has examined the Trust's financial statements for the year ended December 31, 2003. Arthur Andersen LLP acted as the Trust's independent accountant for the fiscal year ended December 31, 2001 through June 4, 2002 when Arthur Andersen was dismissed and replaced by Grant Thornton LLP. The decision to change accountants was made by the Board of Trustees on recommendation of the Trust's Audit Committee. The reports of Arthur Andersen LLP for the year ended December 31, 2001 and the subsequent interim period (which lasted until Arthur Andersen LLP was dismissed as the Trust's accountant on June 4, 2002) did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the Trust's fiscal year ended December 31, 2001 and the subsequent interim period through June 4, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused it to make reference thereto in its reports on the financial statements for those years. During the Trust's fiscal year ended December 31, 2001 and the subsequent

[Table of Contents](#)

interim period until June 4, 2002, Grant Thornton LLP was not engaged as an independent accountant to audit the Trust's financial statements, nor was it consulted regarding the application of the Trust's accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Trust's financial statements.

During fiscal years 2002 and 2003, the Trust retained Arthur Andersen LLP (from January 1, 2002 to June 4, 2002) and Grant Thornton LLP (from June 4, 2002 through December 31, 2003) to provide services in the following categories and amounts:

	2003	2002	
	Grant Thornton LLP	Arthur Andersen LLP	Grant Thornton LLP
Audit Fees	\$ 180,200	\$ 126,100	\$ 131,600
Audit-Related Fees(1)	71,400	89,200	115,700
Tax Fees(2)	188,700	137,700	203,700
All Other Fees(3)	0	47,300	1,200
Total	\$ 440,300	\$ 400,300	\$ 452,200

- (1) Principally audits of employee benefit plans and other entities, quarterly reviews and comfort letters, and work performed in connection with SEC registration statements and other securities offerings.
- (2) Preparation of Trust and partnership federal and state tax returns, earnings and profits calculations and requested tax research, none of which research related to tax shelters.
- (3) Research on compensation and joint venture issues.

Since Grant Thornton LLP was retained in 2002, the Audit Committee has approved in advance all fees paid to and services provided by Grant Thornton LLP. In accordance with the Audit Committee Charter, prior to approving Grant Thornton LLP's providing any non-audit services, the Audit Committee assesses whether the provision of those services would compromise Grant Thornton LLP's independence.

The Audit Committee has determined that the provision of non-audit services by Grant Thornton LLP in 2003 was compatible with maintaining auditor independence.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Trust filing under the Securities Act of 1933 or the Exchange Act, except to the extent the Trust specifically incorporates this Report by reference therein.

The Audit Committee of the Trust is composed of four Trustees, each of whom meets the current independence and experience requirements of the NYSE and the SEC. Since April 15, 2003, the Committee has included an audit committee financial expert. The Committee operates under a written charter which was initially adopted May 3, 2000 and was amended and restated on February 12, 2003 to incorporate new SEC regulations and the new listing standards that, at the time, were proposed by the NYSE and have now been adopted. A complete copy of the Audit Committee charter is available in the Investor Information section of the Trust's website: www.federalrealty.com.

Management is primarily responsible for the Trust's financial statements and reporting process. The Trust's independent auditing firm, Grant Thornton LLP, is responsible for performing an independent audit of the Trust's financial statements in accordance with generally accepted accounting principles ("GAAP") and for issuing a report on those statements. The Committee oversees the financial reporting process on behalf of the Board.

The Committee meets at least quarterly and at such other times as it deems necessary or appropriate to carry out its responsibilities. Those meetings include, whenever appropriate, executive sessions with the Trust's independent accountant without management being present. The Committee met five times during 2003, including four executive sessions with the Trust's outside accountant, and the Chairman of the Committee met

individually on a number of occasions with the Trust's outside accountant, internal auditor and management. In the course of fulfilling its oversight responsibilities, the Committee met with both management and the Trust's outside accountant to review and discuss all annual financial statements and quarterly operating results prior to their issuance. Management advised the Committee that all financial statements were prepared in accordance with GAAP. The Committee also discussed with the Trust's outside accountant matters required to be discussed pursuant to Statement on Auditing Standards No. 61, *Communication with Audit Committees*, including the reasonableness of judgments and the clarity and completeness of financial disclosures. In addition, the Committee discussed with Grant Thornton LLP matters relating to its independence and has received from Grant Thornton LLP the written disclosures and letter required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Committee also has received from Grant Thornton LLP and reviewed the internal quality control report required to be reviewed pursuant to Section 303A.07(c)(iii)(A) of the NYSE listing standards.

A primary focus of the Committee during 2003 was establishing the Trust's internal audit function. After discussions with management, the Committee determined that it was best to retain an outside third party to carry out the Trust's internal audit function. The Committee interviewed three outside firms and ultimately selected Reznick, Fedder and Silverman as the Trust's internal auditor. The Committee worked with Reznick, Fedder and Silverman to prioritize Reznick's review of the Trust's internal controls, focusing first on those areas of the Trust's operations where money is received (such as lease administration) and significant amounts of money are expended (such as redevelopment projects). The Committee is currently evaluating the internal control report prepared by Reznick, and its recommendations, for the initial areas of the Trust's operations reviewed by Reznick. The Committee will oversee Reznick and management in implementing those recommendations made by Reznick which the Committee deems necessary and appropriate. Reznick is continuing its evaluation of other aspects of the Trust's internal controls and will provide periodic reports to the Committee which the Committee will use to evaluate and improve the Trust's internal controls.

Two other key actions taken by the Committee during 2003 demonstrate the Committee's commitment to providing shareholders with the best possible oversight of the Trust's financial reporting process. First, David W. Faeder was added to the Committee as the Trust's "audit committee financial expert." Mr. Faeder's appointment to the Committee has added even more depth to the financial and accounting skills already represented on the Committee. Second, the Committee and the Board have elected to present shareholders with the opportunity to ratify the Trust's selection of Grant Thornton LLP as the Trust's independent accountant for 2004. The ratification process will inform the Committee whether shareholders have a similar level of confidence in Grant Thornton's ability to provide quality auditing services to the Trust as does the Committee. A more detailed description of the ratification process and the Committee's reasons for seeking ratification can be found under "Item 4 — Ratification of Independent Accountants."

On the basis of the reviews and discussions the Committee has had with the Trust's independent accountant, internal auditor and management, the Committee recommended to the Board of Trustees that the Board approve the inclusion of the Trust's audited financial statements in the Trust's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC.

* Mr. Faeder joined the Board of Trustees and the Committee in April 2003 and thus did not participate in the Committee's activities that occurred prior to that time.
