Certain matters discussed within this Supplemental Information may be deemed to be forward-looking statements within the meaning of the federal securities laws. Although Federal Realty believes the expectations reflected in the forward-looking statements are based on reasonable assumptions, it can give no assurance that its expectations will be attained. These factors include, but are not limited to, the risk factors described in our Annual Report on Form 10-K filed on February 17, 2010, and include the following:

- risks that our tenants will not pay rent, may vacate early or may file for bankruptcy or that we may be unable to renew leases or re-let space at favorable rents as leases expire;
- risks that we may not be able to proceed with or obtain necessary approvals for any redevelopment or renovation project, and that completion of anticipated or ongoing property redevelopment or renovation projects that we do pursue may cost more, take more time to complete or fail to perform as expected;
- risks that the number of properties we acquire for our own account, and therefore the amount of capital we invest in acquisitions, may be impacted by our real estate partnerships;
- risks normally associated with the real estate industry, including risks that occupancy levels at our properties and the amount of rent that we receive from our properties may be lower than expected, that new acquisitions may fail to perform as expected, that competition for acquisitions could result in increased prices for acquisitions, that environmental issues may develop at our properties and result in unanticipated costs, and, because real estate is illiquid, that we may not be able to sell properties when appropriate;
- risks that our growth will be limited if we cannot obtain additional capital;
- risks of financing, such as our ability to consummate additional financings or obtain replacement financing on terms which are acceptable to us, our ability to meet existing financial covenants and the limitations imposed on our operations by those covenants, and the possibility of increases in interest rates that would result in increased interest expense; and
- risks related to our status as a real estate investment trust, commonly referred to as a REIT, for federal income tax purposes, such as the existence of complex tax regulations relating to our status as a REIT, the effect of future changes in REIT requirements as a result of new legislation, and the adverse consequences of the failure to qualify as a REIT.

Given these uncertainties, readers are cautioned not to place undue reliance on any forward-looking statements that we make, including those in this Supplemental Information. Except as required by law, we make no promise to update any of the forward-looking statements as a result of new information, future events, or otherwise. You should review the risks contained in our Annual Report on Form 10-K, filed with the Securities and Exchange Commission on February 17, 2010.

FEDERAL REALTY INVESTMENT TRUST ANNOUNCES SECOND QUARTER 2010 OPERATING RESULTS — Common dividend increased for 43rd consecutive year —

ROCKVILLE, Md. (August 4, 2010) - Federal Realty Investment Trust (NYSE:FRT) today reported operating results for its second quarter ended June 30, 2010.

Financial Results

In the second quarter 2010, Federal Realty generated funds from operations available for common shareholders (FFO) of \$60.3 million or \$0.98 per diluted share. This compares to FFO of \$57.4 million, or \$0.97 per diluted share, in second quarter 2009. For the six months ended June 30, 2010, Federal Realty reported FFO of \$118.1 million, or \$1.92 per diluted share, compared to \$95.4 million, or \$1.61 per diluted share for the same six-month period in 2009.

Net income available for common shareholders was \$31.0 million and earnings per diluted share was \$0.50 for the quarter ended June 30, 2010 versus \$28.3 million and \$0.48, respectively, for second quarter 2009. Year-to-date, Federal Realty reported net income available for common shareholders of \$60.1 million and earnings per diluted share of \$0.98. This compares to net income available for common shareholders of \$38.6 million and earnings per diluted share of \$0.65 for the six months ended June 30, 2009.

Year-to-date 2009 results included a litigation provision of \$20.8 million, or \$0.34 per diluted share, related to a lawsuit involving a property adjacent to Santana Row. Excluding this litigation provision, FFO for the six months ended June 30, 2009 was \$116.1 million, or \$1.95 per diluted share; net income available for common shareholders was \$59.4 million and earnings per diluted share was \$1.00.

FFO is a non-GAAP supplemental earnings measure which the Trust considers meaningful in measuring its operating performance. A reconciliation of FFO to net income is attached to this press release.

Portfolio Results

In second quarter 2010, same-center property operating income increased 3.4% over second quarter 2009. When redevelopment and expansion properties are excluded from same-center results, property operating income for second quarter 2010 increased 4.2% compared to second quarter 2009.

The overall portfolio was 94.2% leased as of June 30, 2010, compared to 94.1% on March 31, 2010 and 94.0% on June 30, 2009. Federal Realty's same-center portfolio was 94.7% leased on June 30, 2010, compared to 94.6% on March 31, 2010 and 94.2% on June 30, 2009.

During the second quarter of 2010, Federal Realty signed 82 leases for 319,000 square feet of retail space. On a comparable space basis (i.e., spaces for which there was a former tenant), the Trust leased 308,000 square feet at an average cash-basis contractual rent increase per square foot (i.e., excluding the impact of straight-line rents) of 4%. The average contractual rent on this comparable space for the first year of the new leases is \$27.62 per square foot, compared to the average contractual rent of \$26.64 per square foot for the last year of the prior leases. The previous average contractual rent was calculated by including both the minimum rent and any percentage rent actually paid during the last year of the lease term for the re-leased space. On a GAAP basis (i.e., including the impact of straight-line rents), rent increases per square foot for comparable retail space averaged 13% for second quarter 2010. As of June 30, 2010, Federal Realty's average contractual, cash basis minimum rent for retail and commercial space in its portfolio was \$22.55 per square foot.

Regular Quarterly Dividends

Federal Realty also announced today that its Board of Trustees increased the dividend rate on its common shares, declaring a regular quarterly cash dividend of \$0.67 per share, resulting in an indicated annual rate of \$2.68 per share, an increase of 1.5%. The regular common dividend will be payable on October 15, 2010, to common shareholders of record as of September 23, 2010. This increase represents the 43rd consecutive year that Federal Realty has increased its common dividend, the longest record of consecutive annual dividend increases in the REIT sector.

"Our strong performance throughout 2009 and to date in 2010 supports our decision to raise our common dividend and continue our record of dividend achievement," said Don Wood, president and chief executive officer. "Owning and operating a portfolio of high quality retail assets, combined with a solid balance sheet and our disciplined approach to external growth has resulted in consistent performance as we negotiate this difficult economic environment."

Guidance

Federal Realty increased its guidance for 2010 FFO per diluted share to a range of \$3.84 to \$3.89, and provided 2010 earnings per diluted share guidance of \$1.94 to \$1.99.

Acquisitions and Portfolio Expansion

In 2010 to date, Federal Realty has committed approximately \$60 million of acquisition capital to strengthen its presence in the core markets of Boston, Southern California, Long Island, New York and Bethesda, Maryland.

- Federal Realty formed a joint venture with affiliates of Taurus Investment Holdings LLC, in which the Trust has an 85% interest, to expand the Trust's concentration in Boston. The joint venture plans to acquire, redevelop, and operate up to \$200 million of urban mixed-use properties in the Back Bay section of Boston, Massachusetts. Concurrent with the formation of the partnership, the joint venture acquired 111-115 Newbury Street and 127-129 Newbury Street. Taurus Investment Holdings LLC and UrbanMeritage LLC will manage, operate and lease the buildings on behalf of the partnership.
- The Trust has committed to acquire the former Mervyn's building located adjacent to its Escondido Promenade in Escondido, California. Mervyn's had been operating as a shadow anchor to the property since Escondido Promenade's original opening in 1987 before ceasing operations in late 2008. Federal Realty is in significant lease discussions with two anchor users to occupy the former Mervyn's space.
- Federal Realty has contracted to acquire Huntington Square, a 268,000 square foot community shopping center, shadow-anchored by Sears, located on Long Island in East Northport, New York. Huntington Square will increase Federal Realty's presence in Queens and Long Island to nearly 1.5 million square feet of retail space including Forest Hills, Fresh Meadows, Hauppauge Shopping Center, Huntington Shopping Center, Melville Mall, and Greenlawn Plaza.
- Federal Realty is under contract to purchase the fee interest in the land underlying a portion of Bethesda Row in Bethesda, Maryland. The land currently underlies shops along the south side of Bethesda Avenue, stretching from the Apple to Amethyst stores, and includes a surface parking lot in the rear.

"Upon the completion of these transactions, Federal Realty will have invested approximately \$60 million with the ability to create additional value over time through releasing and redevelopment," said Jeff Berkes, executive vice president and chief investment officer. "Strengthening our presence in our core markets by acquiring new assets and increasing our investment in our existing portfolio not only produces strong risk-adjusted returns but also provides us with better operational and ownership flexibility throughout the entire portfolio."

Conference Call Information

Federal Realty's management team will present an in-depth discussion of the Trust's operating performance on its second quarter 2010 earnings conference call, which is scheduled for August 5, 2010, at 11 a.m. Eastern Daylight Time. To participate, please call (866) 730-5768 five to ten minutes prior to the call start time and use the passcode FRT EARNINGS (required). Federal Realty will also provide an online webcast on the Company's website, www.federalrealty.com, which will remain available for 30 days following the call. A telephone recording of the call will also be available through September 4, 2010, by dialing (888) 286-8010 and using the passcode 25364905.

About Federal Realty

Federal Realty Investment Trust is an equity real estate investment trust specializing in the ownership, management and redevelopment of high quality retail assets. Federal Realty's portfolio (excluding joint venture properties) contains approximately 18.2 million square feet located primarily in strategically selected metropolitan markets in the Northeast, Mid-Atlantic, and California. In addition, the Trust has an ownership interest in approximately 1.0 million square feet of retail space through a joint venture in which the Trust has a 30% interest. Our operating portfolio (excluding joint venture properties) was 94.2% leased to national, regional, and local retailers as of June 30, 2010, with no single tenant accounting for more than approximately 2.7% of annualized base rent. Federal Realty has paid quarterly dividends to its shareholders continuously since its founding in 1962, and has increased its dividend rate for 43 consecutive years, the longest record in the REIT industry. Federal Realty is an S&P MidCap 400 company and its shares are traded on the NYSE under the symbol FRT. For more information, please visit www.federalrealty.com.

⁽²⁾ Net income includes certain costs related to the litigation and appeal process over a parcel of land adjacent to Santana Row; net income for the six months ended June 30, 2009 also includes a \$20.6 million charge for increasing the accrual for such litigation matter. We believe FFO excluding this litigation provision provides a more meaningful evaluation of operations, and therefore, have included FFO and FFO per share excluding the related charges.

- (a) Mortgage loans do not include our 30% share (\$17.3 million) of the \$57.7 million debt of the partnership with a discretionary fund created and advised by ING Clarion Partners.
- (b) The interest rate of 6.04% represents the weighted average interest rate for two mortgage loans secured by this property. The loan balance represents an interest-only loan of \$4.4 million at a stated rate of 6.18% and the remaining balance at a stated rate of 5.96%.
- (c) We acquired control of Melville Mall through a 20-year master lease and secondary financing. Because we control the activities that most significantly impact this property and retain substantially all of the economic benefit and risk associated with it, this property is consolidated and the mortgage loan is reflected on the balance sheet though it is not our legal obligation.
- (d) The interest rate is fixed at 5.66% for the first ten years and then will be reset to a market rate in 2013. The lender has the option to call the loan on April 15, 2013 or anytime thereafter.
- (e) The interest rate of 3.86% represents the weighted average interest rate for three unsecured fixed rate notes payable. These notes mature between April 1, 2012 and January 31, 2013.
- (f) The maximum amount drawn under our revolving credit facility for the three and six months ended June 30, 2010 was \$20.0 million, and the weighted average effective interest rate on borrowings under our revolving credit facility, before amortization of debt fees, was 0.70% for the three and six months ended June 30, 2010.
- (g) The bonds require monthly interest only payments through maturity. The bonds bear interest at a variable rate determined weekly which would enable the bonds to be remarketed at 100% of their principal amount. The property is not encumbered by a lien.
- (h) The weighted average effective interest rate includes the amortization of any deferred financing fees, discounts and premiums, if applicable, except as described in Note i.
- (i) The weighted average effective interest rate excludes \$0.2 million in quarterly financing fees and quarterly debt fee amortization on our revolving credit facility which had no outstanding balance on June 30, 2010.
- (j) Fixed charges consist of interest on borrowed funds (including capitalized interest), amortization of debt discount/premium and debt costs and the portion of rent expense representing an interest factor. EBITDA includes a \$1.4 million gain on sale for the three and six months ended June 30, 2010 and \$0.4 million and \$1.3 million gain on sale for the three and six months ended June 30,2009, respectively. Fixed charges include \$2.8 million of early extinguishment of debt for the six months ended June 30, 2010 due to the write-off of unamortized debt fees related to the \$250 million payoff of the term loan prior to its maturity date. Fixed charges include a \$1.0 million net loss on early extinguishment of debt for the three and six months ended June 30, 2009, primarily related to the cash tender offer for our 8.75% senior notes. Adjusted EBITDA is reconciled to net income attributable to the Trust in the Glossary of Terms.
- (k) Adjusted to exclude a \$0.2 million and \$0.1 million litigation provision charge for the three months ended June 30, 2010 and 2009, respectively, and \$0.3 million and \$20.8 million litigation provision charge for the six months ended June 30, 2010 and 2009, respectively, related to litigation regarding a parcel of land located adjacent to Santana Row as well as other costs related to the litigation and the appeal process.

- (1) Our \$300 million revolving credit facility matures on July 27, 2011. As of June 30, 2010, there was no balance outstanding on our revolving credit facility.
- (2) The total debt maturities differs from the total reported on the consolidated balance sheet due to the unamortized net discount or premium on certain mortgage loans, senior notes and debentures as of June 30, 2010.
- (3) The weighted average rate reflects the weighted average interest rate on debt maturing in the respective year.
- (4) The weighted average rate excludes \$0.2 million in quarterly financing fees and quarterly debt fee amortization on our revolving credit facility.

- (1) These current redevelopment opportunities are being pursued by the Trust. There is no guaranty that the Trust will ultimately complete any or all of these opportunities, that the Projected Return on Investment (ROI) or Projected Costs will be the amounts shown or that stabilization will occur as anticipated. The projected ROI and Projected Cost are management's best estimate based on current information and may change over time.
- (2) Projected ROI generally reflects only the deal specific cash, unleveraged Incremental Property Operating Income (POI) generated by the redevelopment and is calculated as Incremental POI divided by incremental cost. Incremental POI is the POI generated by the redevelopment after deducting rent being paid or management's estimate of rent to be paid for the redevelopment space and any other space taken out of service to accommodate the redevelopment. Projected ROI does NOT include peripheral impacts, such as the impact on future lease rollovers at the property or the impact on the long-term value of the property.
- (3) Stabilization is the year in which 95% occupancy of the redeveloped space is achieved.
- (4) All subtotals and totals reflect cost weighted-average ROIs.
- (5) These future redevelopment opportunities are being explored by the Trust. There is no guaranty that the Trust will ultimately pursue or complete any or all of these opportunities.
- (6) ROI and costs for Atlantic Plaza reflect our 30% JV interest in the costs and revenue associated with the redevelopment.

- (1) The mortgage or capital lease obligations differ from the total reported on the consolidated balance sheet due to the unamortized discount or premium on certain mortgage payables.
- (2) Excludes newly created redevelopment square footage not yet in service, as well as residential and hotel square footage.
- (3) Grocery anchor is defined as a grocery tenant leasing 15,000 square feet or more.
- (4) Portion of property subject to capital lease obligation.
- (5) The Trust has a 64.1% ownership interest in the property.
- (6) Property owned in a "downreit" partnership, of which a wholly owned subsidiary of the Trust is the sole general partner, with third party partners holding operating partnership units.
- 7) The Trust has a 70% ownership interest in the property.
- (8) The Trust has a 90% ownership interest in the property.
- (9) On October 16, 2006, the Trust acquired control of Melville Mall through a 20 year master lease and secondary financing. Since the Trust controls this property and retains substantially all of the economic benefit and risks associated with it, we consolidate this property and its operations.
- (10) The Trust has an 85% ownership interest in the property which is accounted for on the equity method.
- (11) Aggregate information is calculated on a GLA weighted-average basis, excluding properties acquired through the Taurus Newbury Street JV II Limited Partnership.
- (12) 50% of the ownership of this property is in a "downreit" partnership, of which a wholly owned subsidiary of the Trust is the sole general partner, with third party partners holding operating partnership units.
- (13) Property subject to capital lease obligation.

Glossary of Terms

Adjusted EBITDA: Adjusted EBITDA is a non-GAAP measure that means net income or loss attributable to the Trust plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate and impairments of real estate, if any. Adjusted EBITDA is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income attributable to the Trust to EBITDA and Adjusted EBITDA for the three and six months ended June 30, 2010 and 2009 is as follows:

	Three Mon June		Six Montl June

Funds From Operations (FFO): FFO is a supplemental measure of real estate companies' operating performances. The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as follows: net income, computed in accordance with GAAP plus depreciation and amortization of real estate assets and excluding extraordinary items and gains and losses on sale of real estate. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

Property Operating Income: Rental income, other property income and mortgage interest income, less rental expenses and real estate taxes and excluding operating results from discontinued operations.

Overall Portfolio: Includes all operating properties owned in reporting period.

Same Center: Information provided on a same center basis is provided for only those properties that were owned and operated for the entirety of both periods being compared, excludes properties that were redeveloped, expanded or under development and properties purchased or sold at any time during the periods being compared.

Tenant Improvements and Incentives: Represents not only the total dollars committed for the improvement (fit-out) of a space as it relates to a specific lease but may also include base building costs (i.e. expansion, escalators or new entrances) which are required to make the space leasable. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.
